

Petition

The following petition is being circulated among the students and faculty members. Everyone who appreciated the work of the band the past year and are desirous that the band continue to exist and liven things up at the college events should sign it. If you are missed in the canvass you should be interested enough to make the fact known to some member of the band.

“We, the undersigned students and faculty members of the Iowa State College, knowing how indispensable a band is to the athletic, military and social life of college, respectfully petition the Honorable Board of Trustees of the Iowa State College to increase the appropriation now allotted to the I. S. C. Band from one hundred (\$100.00) dollars to five hundred (\$500.00) dollars, in order that a competent director may be secured and miscellaneous expenses met, and by so doing support a deserving band in a befitting manner as is done by other colleges and universities of the country.”
